Honorable Fred Winterroth:

I am pleased to announce the Peoria County Sheriff's Office has partnered with CrimeView to provide you a more detailed weekly report. This new report will include weekly maps, crime comparisons and a comprehensive listing of all incidents in your area.

In addition to these features we are also offering information on the public forum. The public is now able to view, search and receive alerts regarding crimes in their area. This information can be found by visiting www.peoriacounty.org/sheriff then click "services" and "CrimeView Mapping".

Please note this report will come in lieu of the previously received incident reports. The goal of the Peoria County Sheriff's Office is to protect the private and personal information of citizens, while still providing pertinent information to contracted townships.

If further information is needed please contact Capt. Tyler McCoy at 309-697-7838.

Sincerely,

A handwritten signature in blue ink that reads "Brian Asbell".
